

Network & Software Engineer

Ahmed Samir

I am Ahmed Samir Abdullatif. A Network, software engineer and developer who holds a Bachelor's degree in Computer Science from the Arab Open University and a British accreditation certificate from the British Open University in July 2018. He is an expert developer in desktop software in C Sharp and SQL Server databases, and I have many software used in the Arab market, as well. I am good at designing web applications with all technologies, analyzing and developing systems data to keep pace with the new development in programming systems and adding advanced and improved features to them.
